Common sizes of Augers & Casings are available as OEM quality replacement conveyor parts. Please speak to one of our Flexible Screw Conveyor experts for additional technical information.

The right parts at the right price!

Tech3 Flat Wire: works well with a wide variety of powders and allows the highest overall conveyor capacity.

Tech3 Round Wire: is best suited for pellets, irregular shapes, flakes and granular materials such as sugar or salt.

Tech3 Bevel Edge Wire: is used to transport difficult materials which are sticky or may tend to pack or smear.

Tech3 Heavy-Duty Square Wire: is best for heavy and/or abrasive materials.

Tech3 Replacement Parts - Move ahead.
